Invasives - What Makes Them Invasive; Their Impact on our Native Habitat and What We Can Do About Them

Sunday, July 16, 2023

Town Hall - 2p.m. to 4p.m.

Presentations by

Julie Richburg, Ph.D., CERP - Lead Ecologist, Inland Natural Resources for
The Trustees of Reservations

and

Rene Wendell, Land Steward, The Nature Conservancy Massachusetts Chapter

The Cultural Council, in conjunction with the Conservation Commission, invite you to join us for a presentation and discussion about how we can protect our homes and natural environment against the growing threat of invasive plants.

The presentations will be followed by a Q&A session to address your particular questions and concerns.

A short reception with refreshments will follow the Q&A
