

TRANSFER STATION NEWSLETTER

In this issue:

- Transfer Station Hours
- Important Notices
- Recycling Do and Don't
- Special Notes

Transfer Station Hours
Wednesday: 7:00 AM - 12 Noon
Saturday: 11 AM - 5 PM
Sunday: 12 Noon—5 PM

**CAR STICKERS ARE REQUIRED FOR THE TRANSFER STATION
 IF YOU DO NOT ALREADY HAVE ONE, PLEASE SEE THE ATTENDANT**

Special Safety Note:
 If you must back your vehicle up to the compactor, you **may not** block anyone else's access to any part of the Transfer Station receptacles. We have had a couple of near misses — please be careful. Assistance is available should you need it.

PLEASE REVIEW THE RECYCLING AND TRASH REQUIREMENTS.

Glass/Metal/Plastic: **Yes** to metal/plastic/glass food or cleaning products (stiff-walled) containers. **No** to non-food packaging, used coffee cups, straws, hangers, flower pots, plastic bags, bottle caps, flower vases, broken china/pottery, children's toys, Styrofoam or auto products. Deposit Containers are **NOT** permitted. Return them to a store that sells the product.

Paper: PLEASE PREPARE YOUR PAPER CARTONS BEFORE YOU COME. This is for CLEAN cardboard, office paper, magazines, brown paper bags, books without covers.

We do NOT accept Wrapping Paper, used Paper Towels and Tissues, Single Use Food Containers or Cups (used or new), Pizza Boxes or Shredded Paper. Please put these items in a plastic bag and put them in the compactor.

Questions about what goes where? Go to: <https://recyclesmartma.org>

We do **NOT** accept the following items in Mount Washington: Appliances, Gas Engine Equipment, Electronics, Tires, Mattresses, Hazardous Waste (Oil-base Paints, Propane Tanks, Rechargeable Batteries, Fluorescent Bulbs)

Why do we have to put everything in a plastic bag for the Compactor?

When the compactor is emptied, loose items (especially light-weight items like Styrofoam) escape from the containment area and require extra work to get them where they belong. Broken glass and sharp metal become a real hazard for the workers, please wrap them carefully.

Special Fall Notes

Diapers in the trash are one of the most common problems. The simple fact is that the solids need to be removed (as much as possible) BEFORE they go into the trash and the soiled items need to be **DOUBLE BAGGED** and securely sealed. The compactor is **NOT** a portable toilet.

We all need to clean out the refrigerator/freezer at times. If you have a large volume ("...the freezer quit and I lost everything" or "...we are leaving and have to get rid of everything...") be sure to **double or triple the bag** you are putting in the compactor.

Yard Waste cannot go in the compactor — even in plastic bags.

If you need to dispose of items that cannot go into the compactor such as doors, toilet bowls, furniture (including upholstered chairs or couches), appliances, small appliances (toasters, blenders/mixers, radios, electric razors, etc.), DVD/VCR players/stereos/radios, TVs, computer monitors, please keep eligible items for Bulky Waste or contact the Transfer Station Attendant and you will be sent a pass to the Egremont Transfer Station. Egremont has been very generous to extend this service to Mount Washington Transfer Station users. There is an additional charge for these items. Please call the Egremont Transfer Station before you go to make sure that they can accept your item.

****Prices are subject to change and are the prerogative of the Town of Egremont****
